

Annex 1 to
the Regulations for granting and accounting for financial support within the
Visibility & Mobility Module for PhD students and doctoral programme
participants at the Jagiellonian University as part of the Excellence Initiative
strategic programme at the Jagiellonian University (ID. UJ)

Quality criteria for conferences/research visits/ *open-access* publications

Conference:

1. International conference (based on information from conference materials or conference website)
2. Active participation of a PhD student (presentation of a lecture or a conference report in spoken form, poster or e-poster form, based on an invitation or information that the report has been accepted for presentation)
3. In the case of a conference report, the PhD student is the first author (on the condition that this refers to the situation when there is a maximum of two first authors).
4. Abstract and presentation in English or another foreign language.

Research visit:

1. Duration of the visit from 5 to 30 days
2. Visit in a foreign research centre
3. High international reputation of the research centre (based on, e.g., certification by international scientific society, the title of the centre of excellence, number and quality of publications, etc.).

Open-access publication:

1. The PhD student is the first author or the corresponding author (on the condition there is a maximum of two first authors or two corresponding authors, respectively)
2. The publisher has accepted the work for publication, and it has a DOI number (Digital Object Identifier);

3. The journal is indexed in JCR and has a score of at least 70 MEiN points according to the list of 01.01.2022 or the Impact Factor from Q1 to Q2.
