

Report on the Implementation of the Individual Research Plan (IRP)

Research topic '.....'

- 1) After the first year
- 2) After the second year (mid-term assessment report)
- 3) After the third year
- 4) After the fourth year
- 5)

PhD student's full name		
Supervisor/Supervisors or Supervisor/Auxiliary Supervisor		
<input type="checkbox"/> YES (add opinion as attachment)		
Unit of implementation of the PhD student's research project:		
Industrial doctorate (tick as appropriate)	<input type="checkbox"/> YES	<input type="checkbox"/> NO
PhD dissertation discipline		
Date of commencement of education at the Doctoral School (day/month/year):		
Planned date of submission of PhD dissertation (day/month/year):		

Report after the first year

1. Tasks planned for the first year of IRP implementation and completed in the reported academic year, resulting from the IRP schedule (the numbers of research tasks should correspond to their numbering in the IRP, all tasks should be listed, including those that have not been completed):

Research task no.	Planned tasks for implementation	Target outcome and attachment number	Approximate [%] of task completion in relation to the IRP and explanation of discrepancies between the plan and implementation (if applicable)
1.			
2.			
3.			
.....			

2. Additional tasks directly related to the IRP implementation, conducted in the reported academic year but not included in the IRP schedule for the reported year (e.g. tasks planned for later years in the IRP schedule, unforeseen tasks that were not originally included in the IRP schedule but were necessary for project completion – maximum 200 words):

Research task no.	Topic
1.	
2.	
3.	
.....	

Report after the second year

1. Tasks planned for the second year of IRP implementation and completed in the reported academic year, resulting from the IRP schedule (numbers of research tasks should correspond to their numbering in the IRP, all tasks should be listed, including those that have not been completed):

Research task no.	Planned tasks for implementation	Target outcome and attachment number	Approximate [%] of task completion in relation to the IRP and explanation of discrepancies between the plan and implementation (if applicable)

Doctoral programme in the discipline
Jagiellonian University in Krakow

2.			
3.			
.....			

2. Additional tasks directly related to the IRP implementation, conducted in the reported academic year but not included in the IRP schedule for the reported year (e.g. tasks planned for later years in the IRP schedule, unforeseen tasks that were not originally included in the IRP schedule but were necessary for project completion – maximum 200 words):

Research task no.	Topic
1.	
2.	
3.	
.....	

3. Tasks planned but not (fully) completed during the first year (if applicable)

Research task no.	Planned tasks for implementation	Target outcome and attachment number	Approximate [%] of task completion in relation to the IRP and explanation of discrepancies between the plan and implementation (if applicable)
1.			
2.			
3.			
.....			

Report after the third year

1. Tasks planned for the third year of IRP implementation and completed in the reported academic year, resulting from the IRP schedule (numbers of research tasks should correspond to their numbering in IRP, all tasks should be listed, including those that have not been completed):

Research task no.	Planned tasks for implementation	Target outcome and attachment number	Approximate [%] of task completion in relation to the IRP and explanation of discrepancies between the plan and implementation (if applicable)
1.			
2.			
3.			
.....			

2. Additional tasks directly related to the IRP implementation, conducted in the reported academic year but not included in the IRP schedule for the reported year (e.g. tasks planned for later years in the IRP schedule, unforeseen tasks that were not originally included in the IRP schedule but were necessary for project completion – maximum 200 words):

Research task no.	Topic
1.	
2.	
3.	
.....	

3. Tasks planned but not fully completed during the first and second year (if applicable)

Research task no.	Planned tasks for implementation	Target outcome and attachment number	Approximate [%] of task completion in relation to the IRP and explanation of discrepancies between the plan and implementation (if applicable)
1.			

2.			
3.			
.....			

Report after the fourth year

1. Tasks planned for the fourth year of IRP implementation and completed in the reported academic year, resulting from the IRP schedule (numbers of research tasks should correspond to their numbering in IRP, all tasks should be listed, including those that have not been completed):

Research task no.	Planned tasks for implementation	Target outcome and attachment number	Approximate [%] of task completion in relation to the IRP and explanation of discrepancies between the plan and implementation (if applicable)
1.			
2.			
3.			
.....			

2. Additional tasks directly related to the IRP implementation, conducted in the reported academic year but not included in the IRP schedule for the reported year (e.g., unforeseen tasks that were not originally included in the IRP schedule but were necessary for project completion – maximum 200 words):

Research task no.	Topic
1.	
2.	
3.	
.....	

3. Tasks planned but not fully completed during the first, second and third year (if applicable)

Research task no.	Topic of the research task	Target outcome and attachment number	Approximate [%] of task completion in relation to the IRP and explanation of discrepancies between the plan and implementation (if applicable)
1.			
2.			
3.
